DECISION POINT REVIEW AND PRE-CERTIFICATION REQUIREMENTS

Please note: Under the provisions of your policy and applicable New Jersey regulations, Decision Point Reviews and/or Pre-certification of specified medical treatment and testing is required in order for medically necessary expenses to be fully reimbursable under the terms of your policy. The following questions and answers only provide an overview of Decision Point Reviews and Pre-certification requirements. You should read your policy for the actual Pre-certification requirements as well as other policy terms and conditions.

Treatment in the first 10 days after an accident and emergency care does not require Decision Point Review or Pre-certification. However, for benefits to be paid in full, the treatment must be medically necessary. This is true in all events.

Question: What is a Decision Point Review?

Answer: The New Jersey Department of Banking and Insurance (the “Department”) has published standard courses of treatment, **Care Paths**, for soft tissue injuries of the neck and back, collectively referred to as the “Identified Injuries”. These Care Paths provide your health care provider with general guidelines for treatment and diagnostic testing as to these injuries. In addition the Care Paths require that treatment be evaluated at certain intervals called **Decision Points**. At Decision Points, your health care provider must provide us information about any further treatment or test required. This is called **Decision Point Review**. During the Decision Point Review process, all services requested are evaluated by medical professionals to insure the level of care you are receiving is medically necessary for your injuries. This does not mean that you are required to obtain our approval before consulting your medical provider for your injuries. However, it does mean that your medical provider is required to follow the Decision Point Review requirements in order for you to receive maximum reimbursement under the policy. In addition, the administration of any test listed in N.J.A.C. 11:3-4.5(b) 1-10 also requires Decision Point Review, regardless of the diagnosis. The **Care Paths** and accompanying rules are available on the Internet at www.nj.gov/dobi/aicrapg.htm or can be obtained by contacting CSG @ 1 (877) 258-CERT (2378).

Question: What is Pre-certification?

Answer: Pre-certification is a medical review process for the specific services, test or equipment listed below in (a)-(l). During this process all services, test or equipment requested are evaluated by medical professionals to insure the level of services, tests or equipment you are receiving is medically necessary for your injuries. This does not mean that you are required to obtain our approval before consulting your medical provider for your injuries. However, it does mean that your medical provider is required to follow the Pre-certification requirements in order for you to receive maximum reimbursement under the policy.

- (a) non-emergency inpatient and outpatient hospital care
- (b) non-emergency surgical procedures
- (c) extended care rehabilitation facilities
- (d) outpatient care for soft tissue/disc injuries of the insured person's neck, back and related structures not included within the diagnoses covered by the Care Paths

- (f) outpatient psychological/psychiatric testing and/or services

Question: What do I need to do to comply with the Decision Point Review and Pre-certification requirements in my policy?

Answer: Just provide us with the name(s) of your medical providers. We will then contact them to explain the entire process. You should also give your medical provider a copy of the “*Dear Provider Letter*” included with this brochure.

Question: How does the Decision Point Review/Pre-certification Process Work?

Answer: In order for CSG to complete the review, your health care provider is required to submit all requests on the “Attending Physicians Treatment Plan” form in accordance with order number A04-143. A copy of this form can be found on the DOBI web site www.nj.gov/dobi/aicrapg.htm, CSG’s web site www.medlogix.com or by contacting CSG @ (877) 258-CERT (2378).

The health care provider should submit the completed form, along with a copy of your their most recent/appropriate progress notes and the results of any tests relative to the requested services to CSG via fax at (856) 910-2501 or mail to the following address: CSG, Inc., 3 Executive Campus, Suite 100, Cherry Hill, NJ 08002, ATTN.: Pre-Certification Department. Its phone number is (877) 258-CERT (2378).

The review will be completed within three (3) business days of receipt of the necessary information and notice of the decision will be communicated to both you and your health care provider by telephone, fax and/or confirmed in writing. If your health care provider is not notified within 3 business days, they may continue your test or course of treatment until such time as the final determination is communicated to them. Similarly, if an independent medical examination should be required, they may continue your tests or course of treatment until the results of the examination become available.

Denials of decision point review and pre-certification requests on the basis of medical necessity shall be the determination of a physician. In the case of treatment prescribed by a dentist, the denial shall be by a dentist.

INDEPENDENT MEDICAL EXAMS

Question: What are the requirements and consequences if I am requested to attend an Independent Medical Exam?

Answer: If the need arises for CSG to utilize an independent medical exam during the decision point review/pre-certification process, the guidelines in accordance to 11:3-4.7(e) 1-7 will be followed. This includes but is not limited to: prior notification to the injured person or his or her designee, scheduling the exam within seven calendar days of the receipt of the attending physicians treatment plan form (unless the injured person agrees to extend the time period), having the exam conducted by a provider in the same discipline, scheduling the exam at a location reasonably convenient to the injured person, and providing notification of the decision within three business days after attendance of the exam. If the examining provider prepares a written report concerning the examination, you or your designee shall be entitled to a copy upon written request.

If you have two or more unexcused failures to attend the scheduled exam, notification will be immediately sent to you, and all health care providers treating you for the diagnosis (and related diagnosis) contained in the attending physicians treatment plan form. The notification will place you on notice that all future treatment, diagnostic testing or durable medical equipment required for the diagnosis (and related diagnosis) contained in the attending physicians treatment plan form will not be reimbursable as a consequence for failure to comply with the plan.

RECONSIDERATION PROCESS

Question: Can my health care provider appeal the Decision Point Review or Pre-certification decision?

Answer: Yes, If CSG fails to certify a request; the clinical rationale for this determination is available to you and/or your health care provider upon written request. If your health care provider would like to have the decision reconsidered, they can participate in CSG's internal review process by notifying CSG of their intention to participate in the reconsideration process, by phone @ (877) 258-CERT (2378), via fax @ (856) 910-2501, or in writing @ 3 Executive Campus, Suite 100, Cherry Hill, NJ 08002. If your health care provider has taken on an assignment of benefits, they may be required to participate in this process. In accordance with the plan, the reconsideration decision will be

provided to your health care provider within fourteen (14) days of the request. This process will afford your health care provider the opportunity to discuss the appeal with a “similar discipline” Medical Director or request an independent examination scheduled by CSG.

VOLUNTARY UTILIZATION PROGRAM

Question: Does the plan provide voluntary networks for certain services, tests or equipment?

Answer: In accordance with the regulations, the plan includes a voluntary utilization program for:

1. Magnetic Resonance Imagery;
2. Computer Assisted Tomography;
3. The electro diagnostic tests listed in N.J.A.C. 11:3-4.5(b)1 through 3, except when performed by the treating physician
4. Durable medical equipment (including orthotics and prosthetics) with a cost or monthly rental in excess of \$75.00.

Question: How do I gain access to one of these networks?

Answer: When one of the above listed services, tests or equipment is requested through the decision point review/pre-certification process, a detailed care plan evaluation letter containing the outcome of the review is sent to you, and the requesting health care provider. The notice will include a list of available preferred provider networks, with phone numbers and addresses, to obtain the medically necessary services, tests or equipment requested. In accordance with N.J.A.C.11:3-4.4(f), failure to use an approved network will result in an additional co-payment not to exceed 30 percent of the eligible charge.

In addition to securing a list of preferred provider networks through the process outlined in the paragraph above, visit CSG’s website @ www.medlogix.com, contact CSG by phone @ (877) 258-CERT (2378), via fax @ (856) 910-2501, or in writing @ 3 Executive Campus, Suite 100, Cherry Hill, NJ 08002.
